Counsels on Health – EGW

It is not God's purpose that any human being should yield his mind and will to the control of another, becoming a passive instrument in his hands. No one is to merge his individuality in that of another. He is not to look to any human being as the source of healing. His dependence must be in God. In the dignity of his God-given manhood, he is to be controlled by God Himself, not by any human intelligence. {CH 345.2} God desires to bring men into direct relation with Himself. In all His dealings with human beings He recognizes the principle of personal responsibility. He seeks to encourage a sense of personal dependence, and to impress the need of personal guidance. He desires to bring the human into association with the divine, that men may be transformed into the divine likeness. Satan works to thwart this purpose. He seeks to encourage dependence upon men. When minds are turned away from God, the tempter can bring them under his rule. He can control humanity. {CH 345.3}
