## Counsels on Health – EGW

I saw that the reason why God did not hear the prayers of His servants for the sick among us more fully was that He could not be glorified in so doing while they were violating the laws of health. And I also saw that He designed the health reform and Health Institute to prepare the way for the prayer of faith to be fully answered. Faith and good work should go hand in hand in relieving the afflicted among us, and in fitting them to glorify God here and to be saved at the coming of Christ. God forbid that these afflicted ones should ever be disappointed and grieved in finding the managers of the Institute working only from a worldly standpoint, instead of adding to the hygienic practice the blessings and virtues of nursing fathers and mothers in Israel.
