Counsels on Health – EGW

The theory of mind controlling mind was originated by Satan to introduce himself as the chief worker, to put human philosophy where divine philosophy should be. Of all the errors that are finding acceptance among professedly Christian people, none is a more dangerous deception, none more certain to separate man from God, than is this. Innocent though it may appear, if exercised upon patients it will tend to their destruction, not to their restoration. It opens a door through which Satan will enter to take possession both of the mind that is given up to be controlled by another, and of the mind that controls. {CH 345.4}

Fearful is the power thus given to evil-minded men and women. What opportunities it affords to those who live by taking advantage of other's weaknesses or follies! How many, through control of minds feeble or diseased, will find a means of gratifying lustful passion or greed of gain! {CH 346.1}
